Table of Contents

Numbers refer to paragraphs. Letters to subdivision of paragraphs. After Tables were made out, additional matters caused us to add a letter. 806A means first paragraph after 806. 806-A means the first subdivision of paragraph 806. We shall not index Tables. By following numbers in Honor Roll, Table of Contents, List of Subscribers and in body of book, names can easily be found. Each owner, on the fly leaf, can make a short index of his family. Blank pages in back are for the recording of births, marriages, and deaths. Errors can be corrected on margin of pages. We suggest that if any owner wishes to leave data other than this, that he secure a well bound blank book and write it out. Some descendant will appreciate it more than any money you can leave him.
